

ELECTRIC ACTUATORS – HRSN SERIES

Prices are for the actuator or option only; add the cost of the valve, actuator and any options together for the total list price.

**HRSN3 Series
(with LCS)**

HRSN4 Series

HRSN5 Series

Heavy duty quarter-turn actuator for all applications. Standard 120 VAC, 2 Auxiliary limit switches, heater and manual override. Electrostatically coated aluminum alloy housing, NEMA 4/4X/IP67. Extended duty motor standard with all proportional control options.

STD = Feature is Standard to actuator.

* Units must be installed in facilities with existing 3 phase switch gear centers.

** Units must be installed in facilities with existing 3 phase switch gear centers. Existing site control power is interrupted by the actuator's phase monitor dry contacts.

*** Units require an external PLC or controller to administer movement commands by interfacing to the actuator's internal 24vac control circuits.

**** Units require an external PLC or controller to administer movement commands from the field, and can be controlled at the actuator by utilizing the integrated local control station.

***** Torque switches apply to on/off and proportional control units.

Not all options are available across the entire product range (Consult Hayward).
