

UVH SERIES UV SANITIZERS - STAINLESS STEEL

Type 316L SS Construction with 120 kW to 1200 kW range, and support up to 1141 GPM flow rate. Available in “U” (Loop) or “Z” (In-line) configurations, all models feature ANSI150 Flanged Ends in sizes 2”-10”. Low Pressure high output dual wavelength 185 nm & 254 nm amalgam lamps. UVH Series units are certified to NSF50. Includes Power Supply Unit.
